## FOREWORD

We, the staff of the Kronicle 1962, hopefully dedicate this yearbook to the significance of art, and to all men who, like our beloved professor George Lloyd, permitted art in its expression of life to become expressive of themselves.

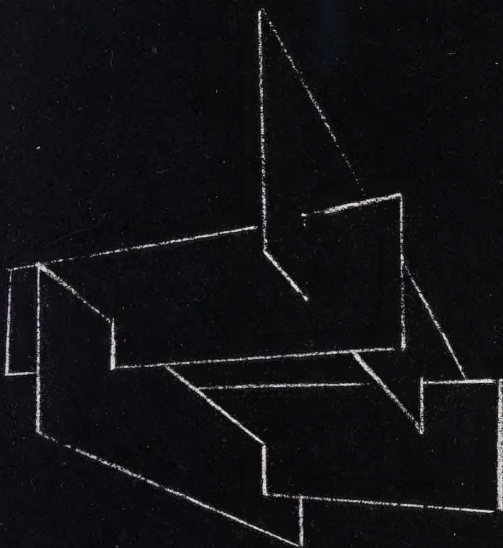

This yearbook grows larger each year as it tries to record the events and happenings of our evergrowing student population. We played the sports, danced the waltzes, organized the clubs, and wrote the exams. Some of us have had the pleasure to work on this, our yearbook. We have minimized language as a communication medium as much as possible in order to let the visual elements of art preserve the memories and personalities supplied by you graduates during your four year stay.

May this book be a source of happiness and satisfaction in the years to come as you travel through the world, remembering that you are always welcome at Keene Teachers College.

**LLOYD P. YOUNG**  
**PRESIDENT**

The year 1961-1962 continues to bring many new and exciting events. Man has gotten out into space and circled the earth in about 90 minutes. Several countries have secured their political independence and are beginning the hard, long task of self-government. Millions of people were able to see some of these events through television.

Here at Keene Teachers College things are constantly changing, too. There are approximately 900 full time students in the regular college courses, with an additional 300 taking extension courses. This is the largest enrollment in the history of the College. About one-fourth of these students are attending K.T.C. for the first time. Plans are being completed for a new library building, a dormitory of apartments for married students, and an addition of the college kitchen. An Interim Commission on Education was established by the 1961 New Hampshire Legislature. This Commission is studying "higher education in New Hampshire" and will make recommendations for a more comprehensive future program for the state. The future of K.T.C. will certainly be influenced by this report.

I want to stress as strongly as I can that everyone who is connected with Keene Teachers College in any capacity is a part of the college; and I urge your participation in trying to improve it. That doesn't mean that everyone should try to do everything. There are ample ways by which each one of us can assume some responsibilities for our own education and development and for the improvement of the whole group with whom we live and work. These efforts are the real marks of an educated person.

Dr. Lloyd P. Young  
President

IN MEMORIAM

## PROFESSOR GEORGE LLOYD

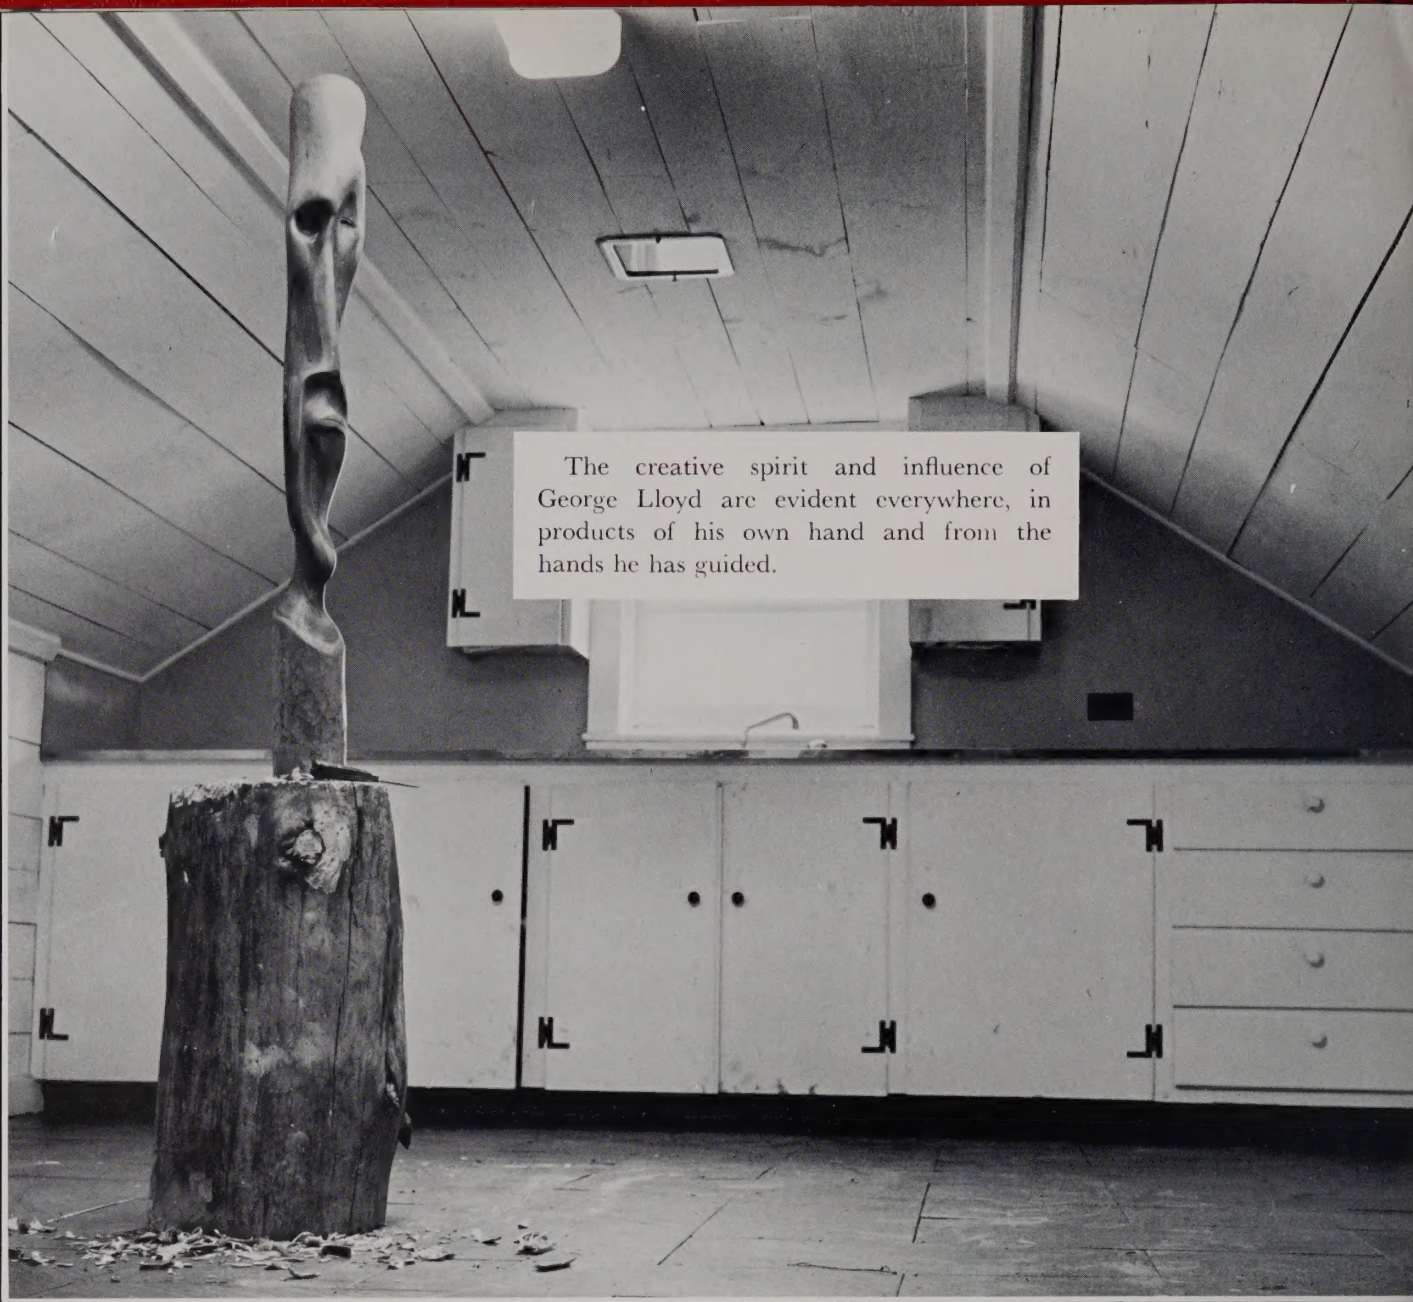

To Professor George Lloyd, we the staff of the 1962 KRONICLE dedicate this book.

Professor Lloyd will be remembered for his six years of service to the college, three of which he was head of the Art department.

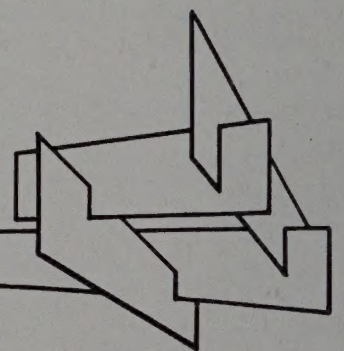

It was obvious that he enjoyed his work, and he was as capable at teaching as he was at being a craftsman. His classes were interesting and informative, and even those students with little talent found them profitable.

It is to his memory that we make this dedication.

The creative spirit and influence of George Lloyd are evident everywhere, in products of his own hand and from the hands he has guided.

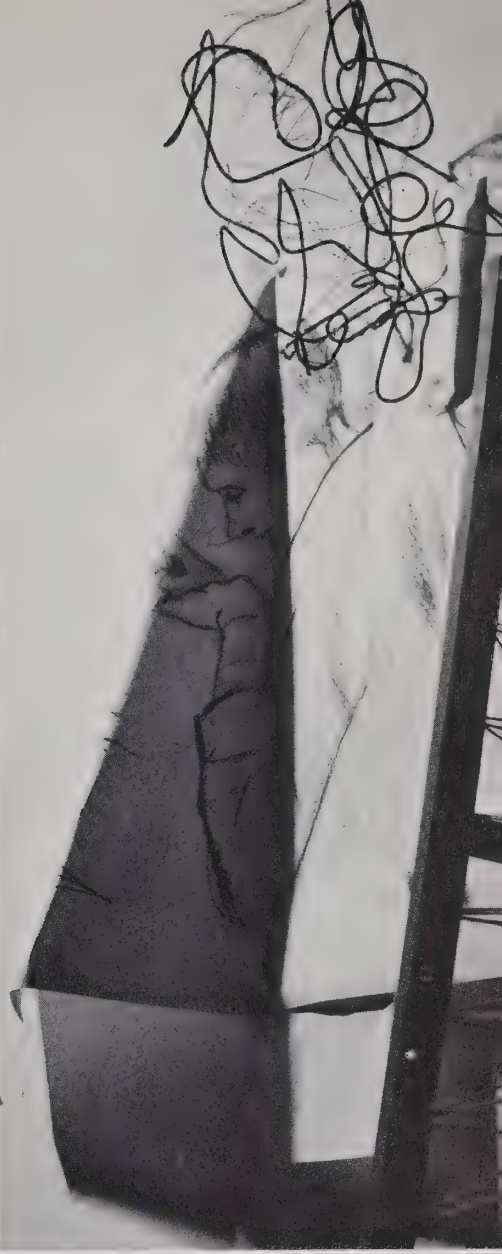

## IN MEMORIAM

Death, be not proud, though some have called thee  
Mighty and dreadful, for thou are not so;  
For those whom thou think'st thou dost overthrow  
Die not, poor Death, nor yet canst thou kill me.  
From rest and sleep, which but thy pictures be,  
Much pleasure; then from the much more must flow;  
And soonest our best men with thee do go,  
Rest of their bones and souls delivery.  
Thou'rt slave to fate, chance, kings, and desperate men,  
And dost with poison, war, and sickness dwell;  
And poppy or charms can make ys sleep as well  
And better than thy stroke. Why swell'st thou then?  
One short sleep past, we wake eternally,  
And death shall be no more: Death thou shalt die.

## KRONICLE 1962

### EDITOR'S MESSAGE

TO THE CLASS OF 1962:

In choosing the teaching profession you have shown a quest for knowledge and a belief in giving. The advancement of our youth in the ideals of democratic government and good citizenship rest upon your shoulders, the graduates of 1962.

Your four years of study here at K.T.C. have ended and with them the book of many happy college memories has been closed. You are entering into a position of responsibility and honor. You will have the opportunity to put into use the skills you have mastered by guiding young minds and hands into constructive activities — resulting in useful lives. May your future be as successful as your past.

### The Kronicle

The college yearbook, the Kronicle, is published annually for the graduates, and underclassmen of Keene Teachers College. The desire and willingness to work is the only requirement necessary to join the staff.

Each year the Kronicle staff, in conjunction with that of the Monadnock sponsors the publications banquet.

Our major accomplishment of 1961-62 has been to have the entire year's activities come under one 9X12 cover.

We are hoping that in the future we may be able to continue improving your yearbook.

## THE MONADNOCK

This is the fourteenth year the Monadnock, the student controlled college newspaper, has been published. Interest and cooperation are the primary requirements for working for the Monadnock.

The purposes and goals of the Monadnock are:

To bring to the student body, alumni, faculty, and friends of Keene Teachers College a non-profit newspaper edited, controlled, and managed by the students.

To inform the students and alumni of the current activities on campus.

To report accurately and impartially news of interest on campus, in the state and in the nation, to the student body.

To constantly endeavor to raise the journalistic standards of the Monadnock.

To encourage journalistic writing at Keene Teachers College.

To be whatever service possible to the cause of education in this state and in the nation.

## STUDENT COUNCIL

This group serves as the students' representative body at K. T. C. and its main purposes are the proper administration of the Student Activity Fee and acting as a coordinating body between students and the administration.

It is composed of five members from each class elected annually. These individuals acting as the Student Council sponsor the Winter Carnival and the Jazz Concert. They are striving for the betterment of the college and with the continued support of the student body, will succeed.

## ALPHA PI TAU

True to their ideals of Scholarship and Fraternalism Alpha Pi Tau enjoyed an active year in which they and the campus enthusiastically participated.

Always a highlight of the social year, the Alpha Formal, "Fantasy in Space," proved to be a huge success; this year being held at the Keene Country Club.

Rockets soared as Alphanaut Robert Kaminski represented the fraternity in the annual mayoralty contest.

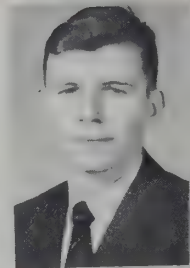

The Christmas spirit was shown as Santa paid a visit to a number of Keene's underprivileged children and the Winter Carnival featured the short but regal reign of "King Fantasy," Alpha's entry in the Snow Sculpture Contest.

Rounding out the year was the twenty-second annual presentation of the Alpha Opera, "Uncle Tom's Cabin" always well-attended and well-received.

Alpha Pi Tau is proud to have completed its thirty-seventh consecutive year of social and educational contributions to KTC campus life.

## KAPPA DELTA PHI

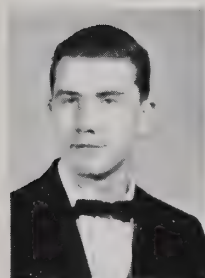

Gamma chapter is the branch of the national educational fraternity, Kappa Delta Phi. The Fraternity is idealistic as well as practical in its functions. Often it subscribes to a higher code of ethics than those of the profession itself. This is found in the stress laid upon our members throughout our rituals, our programs, and our activities for the adherence to high standards of conduct and practice.

The members take active participation in the mayoralty campaign, Winter Carnival, Kappa Kapers, Kappa National Convention, intercollegiate and intramural athletics and student government. The fraternity also sponsors an annual Formal and a Christmas party for the needy children of Keene.

Eligibility for membership lies in the ability of individuals to meet the scholastic requirements stated by the Inter-Fraternity Council and upon the receipt of a two-thirds vote of the active members.

## SOCCER

Get that ball.

This year's K.T.C. soccer team could truly be classified as the "record breakers," though they set no records. The team under the Coaching of Sumner Joyce and Captainship of Lyman Amsden, beat the two teams in the league able to make records by defeating Keene. The Owls fought bravely through every game and took some close loses. Gorham, out to set a new school record, came to Keene to lose 2-0. In the last game of the season, Fitchburg met the Owls with the hope of taking the league championship, but were upset by the brilliantly executed timing of our team in a 2-0 win for K.T.C. Thus our "record breaking" team had a successful season though not a winning one.

That's using your head?

They clear it out.

## BASKETBALL

This year K.T.C. had but one team in basketball. Coached by Sumner Joyce and Captained by Dick Wood, the Owls fought very hard. Though they came out on the "short end" this year, they showed the students and fans what aggressiveness, team spirit, sportsmanship, and team play are. During the season we saw many a thrill packed game. With the able offensive and defensive play of such notables as: Dick Wood, Charlie Merrigan, and Jack Putney K.T.C. continually stayed in contention. Next year we are looking forward to a winning season, as many of this year's team are returning.

## SKI TEAM

### SKI TEAM SONG

This is the place where the red parkas gather  
 With suitcases, ski poles and dungarees  
 With Kastles, and Harts and other "cheap" skis  
 We don't have stretch pants 'cause we lack the fees.

God Bless my short ski poles! There's Coach K. V. King!!  
 He's the boss of the ski team from 'ole KTC  
 He's setting a slalom that no one can ski  
 But we get the last laugh 'cause neither can he!

If you have a yearning to come with us skiing  
 You'll have to ski with us 'cause no one can watch  
 We ski at Ascutney and Smuggler's Notch  
 We travel all over 'cause the council ain't scotch!

On a January weekend we have a little "circus"  
 With high School students all around: all around  
 Through poles of bamboo we wedeln and "plow"  
 We don't know what we're doing but we're learning how!!
